

Kidzsafe Mouse Trial Form

School:	
Product Trial:	Kidzsafe Mouse PS2 Connector
Trial Start Date:	
Trial End Date:	
Number of Test Stations:	
Name of Trial Supervisor:	
Supervisor's Designation:	

This record sheet has been designed to help the schools elected staff members assess, monitor and record the performance levels of the **Kidzsafe** mouse devices at each of the designated computer stations.

NOTES:

If at anytime a result is deemed inconclusive or difficult to measure, or if you have a question or require support, please forward these enquiries to:

support@ergotouch.co.nz

Like most trials, ours is not based on an exact science but instead designed to help you establish your performance levels and criteria related to each of the individual designated computer users involved in the trial.

The data collected over the trial period will allow you to qualify your current *Code of Practice* related to *Safe Computer Use* and evaluate and implement any and all relative recommendations, amendments, and or variations.

We recommend all operators involved in the trial use the **Kidzsafe** Mouse as instructed for a period of two weeks prior to answering the questionnaire and submitting their findings.

Questionnaire Section

Rating Scale

A = Excellent B = Good C = Fair D = Poor E = Inconclusive

Please use the scale above to rate the product and include any written comments within the text boxes provided.

How would you rate your change over process from the standard mouse to the **Kidzsafe** mouse?

You felt the change over process was reasonable?

Enter any written comments here:
